Figure S1. Taylor diagram of daily Ground-measured ET (a) including, (b) excluding days with strong precipitation and ET from different products.
Figure S2. Taylor diagrams of daily Ground-measure ET and ET from different products in different ecosystems.
Figure S3. Taylor diagrams of monthly Ground-measure ET and ET from the different products in different ecosystems.
Figure S4. Taylor diagrams of daily Ground-measured ET and ET from different products in different seasons.
Figure S5. Taylor diagrams of monthly Ground-measured ET and ET from different products in different seasons.

Figure S6. Scatter plots of the correlation coefficients and RMSD between GLEAM, REA and Ground-measured ET. Linear fits are plotted in blue and the 1:1 line is depicted.
