INSTRUCTIONS: We would like to know your views on various issues. How would you place your views on this scale? Please circle the number that best reflects your opinion.

1 = you agree completely with the statement on the left
10 = you agree completely with the statement on the right

If your views fall somewhere in between, you can choose any number in between that best reflects your opinion.

Please note that most questions are asked three times, first contrasting the role of the person with mental health problems with the role of the government, then contrasting the role of families of persons with mental health problems with the role of the government, and finally contrasting the role of the person with mental health problems with the role of families of persons with mental health problems.

Whose Responsibility Scale (Iyer et al., 2021). Email srividya.iyer@mcgill.ca for permission to use
