An incorrect version of Figure 5 was inadvertently included in the published version of this manuscript. The correct Figure 5 appears below as Figure 1.

The Figure legend:

“(a–c) SEM images of the sliver nanoparticle microarrays from SCTR. Scale bar: 5 μm. (d–f) Optical images of the quantum dot/polymer microstructures. Scale bar: 10 μm”.

should read:

“(a,b) Optical images of the sliver/polymer microarrays before and after calcination. (c) SEM images of the sliver microarrays. (d–f) Optical images of the quantum dot/polymer microstructures. Scale bar: 10 μm”.

Figure 1.
