Author Correction: Tanc2-mediated mTOR inhibition balances mTORC1/2 signaling in the developing mouse brain and human neurons

The original version of this Article contained an error in a sentence in the Methods section, under the subheading ‘Human neuron culture and lentivirus infection’, in which an incorrect IRB number was used. The sentence incorrectly read ‘Protocols describing the use of human ESCs were approved in accordance with the ethical requirements and regulations of the Institutional Review Board of KAIST (IRB #KA2018-61).’ The correct version states ‘KH2017-109’ in place of ‘KA2018-61’. This has been corrected in both the PDF and HTML versions of the Article.
