Correction to: The common use of improper control diets in diet-induced metabolic disease research confounds data interpretation: the fiber factor

Michael A. Pellizzon* and Matthew R. Ricci

Correction
Following publication of the original article [1] the authors noticed that the pie chart figure contains percentages (41%, 41%, 19%) that are slightly off given they don’t add to 100. They should instead read 40.6%, 40.6%, 18.8%.
