## Narrative Review Checklist

| Section/Topic | Item No | Item                                                                 | Reported on Page Number/Line Number | Reported on Section/Paragraph |
|---------------|---------|----------------------------------------------------------------------|-------------------------------------|------------------------------|
| **TITLE**     |         |                                                                        |                                     |                              |
| Title         | 1       | Identify the report as a Narrative Review of …                       | Page 1, Line 1                      | Title page                   |
| **ABSTRACT**  |         |                                                                        |                                     |                              |
| Unstructured summary | 2 | Provide an unstructured summary including, as applicable: background, objective, brief summary of narrative review and implications for future research, and clinical practice or policy development. | Page 2, lines 1-9                   | Abstract                     |
| **INTRODUCTION** |     |                                                                        |                                     |                              |
| Rationale/background | 3 | Describe the rationale for the review in the context of what is already known. | Page 3, lines 1-18                  | Introduction                  |
| Objectives    | 4       | Specify the key question(s) identified for the review topic.         | Page 3, lines 1-18                  | Introduction                  |
| **METHODS**   |         |                                                                        |                                     |                              |
| Research selection | 5 | Specify the process for identifying the literature search (e.g., years considered, language, publication status, study design, and databases of coverage). | Page 3, lines 19-22 Page 4, lines 1-4 | Methods                      |
| **DISCUSSION/SUMMARY** | |                                                                      |                                     |                              |
| Narrative     | 6       | Discuss: 1) research reviewed including fundamental or key findings, 2) limitations and/or quality of research reviewed, and 3) need for future research. | Page 4, lines 5-23 Page 5, lines 1-23 Page 6, lines 1-7 | Epidemiology and Etiologic Pathogens, Pathogenesis |
| Summary       | 7       | Provide an overall interpretation of the narrative review in the context of clinical practice and/or the Nutrition Care Process for registered dietitian nutritionists, clinical practice for other health professionals, policy development and implementation, or future research. | Page 11, lines 20-23 Page 12, lines 1-3 | Conclusion                   |
