p.1395, line five after Eq.(1):
For entropy read energy

p.1395, line six after Eq.(2):
For \( d = \sqrt{D_L L/\nu_S} \) read \( d = \sqrt{D_L L/\nu_S} \)

p.1396, line five after Eq.(6b):
For \( [n(b)/|\nabla T(b)|]^{1/n} \) read \( [n(b)/|\nabla T(b)|]/n \)

p.1396, Eq.(7):
Leave off factor 'a' in denominator of first fraction after equality sign

p.1397, left-hand column, line 18 from bottom:
For \( T(a) > T_k \) read \( T(a) > T_b \)
