# Narrative Review Checklist

| Section/Topic                  | Item No | Item                                                                 | Reported on Page Number/Line Number | Reported on Section/Paragraph |
|--------------------------------|---------|----------------------------------------------------------------------|------------------------------------|------------------------------|
| **TITLE**                     |         |                                                                      |                                    |                              |
| Title                          | 1       | Identify the report as a Narrative Review of …                      | Page 1, Line 3                     | Title                       |
| **ABSTRACT**                  |         |                                                                      |                                    |                              |
| Unstructured summary           | 2       | Provide an unstructured summary including, as applicable: background, objective, brief summary of narrative review and implications for future research, and clinical practice or policy development. | Page 2, Line 13-36                | Abstract                     |
| **INTRODUCTION**              |         |                                                                      |                                    |                              |
| Rationale/background           | 3       | Describe the rationale for the review in the context of what is already known. | Page 3, Line 39-57                | Introduction                 |
| Objectives                    | 4       | Specify the key question(s) identified for the review topic.        | Page 3, Line 58-60                 | Oligometastatic prostate     |
| **METHODS**                   |         |                                                                      |                                    |                              |
| Research selection            | 5       | Specify the process for identifying the literature search (e.g., years considered, language, publication status, study design, and databases of coverage). | N/A                                | N/A                          |
| **DISCUSSION/SUMMARY**        |         |                                                                      |                                    |                              |
| Narrative                     | 6       | Discuss: 1) research reviewed including fundamental or key findings, 2) limitations and/or quality of research reviewed, and 3) need for future research. | Page 3, Line 62 - Page 12          | All text                     |
| Summary                       | 7       | Provide an overall interpretation of the narrative review in the context of clinical practice and/or the Nutrition Care Process for registered dietitian nutritionists, clinical practice for other health professionals, policy development and implementation, or future research. | Page 13                            | Paragraph 1                  |
