## Narrative Review Checklist

| Section/Topic       | Item No | Item                                                                 | Reported on Page Number/Line Number | Reported on Section/Paragraph |
|---------------------|---------|----------------------------------------------------------------------|-------------------------------------|------------------------------|
| **TITLE**           |         |                                                                       |                                     |                              |
| Title               | 1       | Identify the report as a Narrative Review or Literature Review.       | Page 1/Line 2-4                     | Title/Paragraph 1            |
| **ABSTRACT**        |         |                                                                      |                                     |                              |
| Structured summary  | 2       | Provide a structured summary with the subsections as: Background and Objective, Methods, Key Content and Findings, Conclusion. | Page 1-2/Line 25-44                | Abstract/Paragraph 1         |
| **INTRODUCTION**    |         |                                                                      |                                     |                              |
| Rationale/background| 3       | Describe the rationale for the review in the context of what is already known. | Page 2-3/Line 49-69                | Introduction/Paragraph 1     |
| Objectives          | 4       | Specify the key question(s) identified for the review topic.         | Page 3/Line 69-74                  | Introduction/Paragraph 1     |
| **METHODS**         |         |                                                                      |                                     |                              |
| Research selection  | 5       | Specify the process for identifying the literature search (eg, years considered, language, publication status, study design, and databases of coverage). | Page 3/Line 78-91                  | Methods/Paragraph 1          |
| **DISCUSSION/SUMMARY** |       |                                                                      |                                     |                              |
| Narrative           | 6       | Discuss: 1) research reviewed including fundamental or key findings, 2) limitations and/or quality of research reviewed, and 3) need for future research. | N/A                                 | N/A                          |
| Summary             | 7       | Provide an overall interpretation of the narrative review in the context of clinical practice for health professionals, policy development and implementation, or future research. | Page 8-9/Line 252-279              | Summary/Paragraph 1          |
