# TABLE OF CONTENTS

**Volume 2, Number 4A, November 2012**

| Title                                                                 | Authors                                                                 | Pages |
|----------------------------------------------------------------------|------------------------------------------------------------------------|-------|
| Pilot study provides qualitative evidence for intrinsic motivation in schizophrenia spectrum disorders | M. W. Roman, L. H. Beebe, R. Burk.                                      | 321   |
| Plasma levels of catecholamine metabolites and serum levels of brain-derived neurotrophic factor in smokers with schizophrenia treated with varenicline: A pilot study | W. Umene-Nakano, R. Yoshimura, H. Hori, A. Katsuki, K. Hayashi, C. Yoshii, A. Ikenouchi-Sugita, K. Atake, J. Nakamura | 327   |
| Nonconscious processing and a novel target for schizophrenia research | R. D. Badgaiyan                                                         | 335   |
| International variation in antipsychotic prescribing for schizophrenia: Pooled results from the research on East Asia psychotropic prescription (reap) studies | H. Ito, Y. Okumura, T. Higuchi, C. H. Tan, N. Shinfuku                  | 340   |
| Improvement in social skills in patients with schizophrenia following 6 months of day-care treatment | H. Sakuma, Y. Miyamoto, Y. Yamamoto, S. Miura, S.-I. Niwa              | 347   |
| Personal control in rehabilitation: An internet platform for patients with schizophrenia and their caregivers | J. R. J. de Leeuw, P. van Spluntenen, I. Boerema                       | 355   |
| Behavioral inhibition in female college students with schizotypal traits: An event-related potential study | J.-H. Lee, M.-S. Kim                                                   | 362   |
| Simple schizophrenia revisited: Its schizophrenic body image deviation | R. Koide, Y. Nishi, N. Morita                                         | 370   |
| DNA methylation of the Monoamine Oxidases A and B genes in postmortem brains of subjects with schizophrenia | Q.-H. Yang, K. Ikemoto, S. Nishino, J. Yamaki, Y. Kunii, A. Wada, Y. Homma, S.-I. Niwa | 374   |
| Sleep dysfunctions in schizophrenia: A practical review            | F. Waters, D. S. Manoach                                               | 384   |
| Why D-neuron? Importance in schizophrenia research                | K. Ikemoto                                                             | 393   |
| Minocycline for Schizophrenia: A critical review                  | T. Miyaoka                                                             | 399   |
| Assessing learning potential in people with schizophrenia using the Rey Osterrieth Complex Figure Test | M. V. Rempfer, J. M. McDowd, C. E. Brown                             | 407   |
| Changes in weight and metabolic parameters following long-term iloperidone use: A meta-analysis of data from 9 Phase II and III trials of iloperidone | M. Hochfeld, S. Ahmed, X. Y. Meng, A. Winseck                          | 414   |

Open Journal of Psychiatry

ISSN 2161-7325 (Print)  ISSN 2161-7333 (Online)
http://www.scirp.org/journal/ojpsych

Open Journal of Psychiatry (OJPsych) is an international journal dedicated to the latest advancement of psychiatry. The goal of this journal is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in different areas of psychiatry. All manuscripts must be prepared in English, and are subject to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by printed hard copy.

Prof. Maria Grigoreiuc-Serbanescu

The journal publishes original papers including but not limited to the following fields:

● Addiction Psychiatry
● Biological Psychiatry
● Child and Adolescent Psychiatry
● Community Psychiatry
● Cross-Cultural Psychiatry
● Eating Disorders
● Emergency Psychiatry
● Forensic Psychiatry
● Geriatric Psychiatry
● Global Mental Health
● Liaison Psychiatry
● Military Psychiatry
● Neuropsychiatry
● Social Psychiatry

We are also interested in: 1) Short reports—2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book reviews—Comments and critiques.

Notes for Intending Authors
Submitted papers should not be previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. For more details, please access the website.
