Supplementary Figure
Figure S1: Original full-length gels of VEGF expression in Figure 4A1
Figure S2: Original full-length gels of HIF-1α expression in Figure 4B1
Figure S3: Original full-length gels of GAPDH expression in Figure 4A1 and 4B1 (used the same samples)
Figure S4: Original full-length gels of HIF-1α expression in Figure 6A1
Figure S5: Original full-length gels of GAPDH expression in Figure 6A1 (used the same samples)
Figure S6: Original B-mode graph of mice hearts in Figure 2B1 (Corresponding mice)
