**Supplementary Table 2. Total number of participants for each combination of session number, FB modality and visual reliability.** The session numbers reflect the temporal order of sessions for each participant.

| Session Number | Audition FB Modality | Vision FB Modality |
|----------------|----------------------|--------------------|
|                | Visual Rel. low      | Visual Rel. high   | Visual Rel. low | Visual Rel. high |
| 1              | 5                    | 4                  | 4               | 5               |
| 2              | 3                    | 5                  | 5               | 5               |
| 3              | 5                    | 5                  | 4               | 4               |
| 4              | 5                    | 4                  | 5               | 4               |
