LONGHORN BAND RETURNS FROM ABBILE FAIR

MUSIC FACULTY IS EXPECTING BUSY SESSION

Programs Rendered By Band Were Among Most Important Features Of Week

CONCERT TO BE GIVEN HERE

"The Eyes Of Texas" Was Played At Abilene As Game Song

Dr. Tracey Will Visit Switzerland, France, and Affiliated With University Since About In An Endeavor to Line Up Another Touring America With A Party Advanced Classes Are Given in the University This Season and Will Continue to Be Offered Until April 1923

Several of the most promising candidates for the football team at the University of Texas were on hand this week to be photographed for the 1923 yearbook. The managers hope that the con- tingents from the other university towns will be anticipated with the same public interest as in years past. The voting to be begun next week and the election results will be announced in the Thanksgiving number of the yearbook.

CAGUS TO HOLD CLEVER CONTEST FOR POPULARITY

In connection with the elections for class officers, the Student Council of the Longhorn Band has arranged a clever contest for popular- ity. The theme will be chosen from the following:

1. The best photograph of a class officer.
2. The best photograph of a band member.
3. The best photograph of a football player.
4. The best photograph of a basketball player.

Five highest winners will have their pictures published in the yearbook. The contest is open to all students of the university.

Cynthia and BreynerReturn To Austin

Cynthia and Breyner returned to Austin last night to remain in Texas for the winter. They will return to Europe early next year. Miss Cynthia will be engaged in finishing her year's study abroad. Miss Breyner will return to her old home, where she will be engaged in completing her studies at Cambridge University.

STUDENT VOTER BAND TO HOLD INITIAL MEETING

Membership Of Group Has Almost Doubled In Past Year

The Student Voter Band of the University of Texas, which was organized in 1919, has doubled in membership since last year. The band is now composed of almost 500 members, who are divided into several companies. The band is under the direction of Mr. Barrett, who is a member of the University faculty.

VOLUNTEER HANDS ARE ACTING CITY EDITOR

A new position for the University has been created, and Mr. A. A. Shahan, who has been acting as assistant city editor, has been appointed to the position of city editor for the next year. Mr. Shahan has been a member of the University faculty for several years, and has been active in the affairs of the college. He is well qualified for the position, and will do credit to the university.

CITY BAND WILL TAKE PART IN MARCH

The City Band of the University will take part in the March of the American Legion this afternoon, as announced by the surgeons of the band. The band is composed of almost 500 members, and will be under the direction of Mr. Barrett, who is a member of the University faculty.

UNIVERSITY AND CITY MASONIC LODGE WILL CELEBRATE MEMORIAL DAY

A memorial service will be held in the University Auditorium on the occasion of Memorial Day, which will be observed on Tuesday, May 28th. The service will be conducted by the officers of the University and City Masonic Lodge.

WOMAN'S ATHLETIC ASSOCIATION WILL HAVE OPEN MEETING

Women's Athletic Association Will Have Open Meeting

The Women's Athletic Association of the University of Texas will hold an open meeting on Thursday, May 23rd, at the University Auditorium. The meeting will be under the direction of the officers of the association, and will be open to all students of the university. The meeting will be held to discuss the plans of the association for the coming year, and to elect officers for the same.

MISSOULA COWBELL RINGING AT CATHEDRAL OF SACRAMENTO

Missoula, Mont., May 17.—After the victory in the world's track meet at the University of Oregon, Missoula has been given a cowbell ring by the students. The bell will be displayed at the University of California, and will be used to ring the bell for the Harvard-Harvard football game.

ARMISTICE DAY SEEM A MISNOMER WHEN THE ACTUS IS CONSIDERED

The armistice day seems a misnomer when the University students are considered. The actus is begun, there will start a popular movement for University students to enter the University in this fall. The armistice day seems a misnomer when the University students are considered. The actus is begun, there will start a popular movement for University students to enter the University in this fall.
HAZING

Hazing having started a little earlier and in a little more vigorous fashion than usual this year, President Vinson called a meeting of several leading students Saturday afternoon to discuss ways and means of stopping the disturbances. These men called a meeting of the Student body, the Longhorn Daily Texan, upon a firmer foundation; so that the question of hazing has at last been put to rest.

There are several reasons why this is valuable not for the individual, but for the future of this institution; for it leads if properly handled to a just and equitable solution of a matter in which the students have such independent control would contradict the fundamental purpose of the university. The student body, the Longhorn, the Daily Texan, the Cactus and the Tiger are all organs of the university; they have such independent control would contradict the fundamental purpose of the university. The student body, the Longhorn, the Daily Texan, the Cactus and the Tiger are all organs of the university; they have such independent control would contradict the fundamental purpose of the university. They are designed by the university to work for the best interests of the students, and the department.

VARSIY HEALTH CONDITIONS ARE NOW VERY GOOD

Medical Staff For Long Session is Announced By

Owing to a lack of available funds this year's University medical staff is not complete. Among the members of the staff, Dr. W. C. Goddard, chief of staff, the first one held the position of director of the Student Health Service for the University, but Doctors Gates and Heard will be allowed to do out patient work.

This past year office hours, each day, as far as possible, were devoted to the out patient work, and one hour daily by Dr. Gates, except Sunday. This year office hours will be from 10 to 1 to clock each day and longer if found to be necessary.

Sanitary Conditions Improved

The medical staff has established a system to improve the sanitation of all University buildings, grounds, classrooms, housing and roving common areas, and all other places where students are assembled, at meal times, or otherwise. During the month of August, Mrs. N. E. Rich, sanitary inspector of the staff, inspected all of these places and found that much sanitary improvement for the arrival of students was taking place.

It is desired on the part of the University that the students be instructed and made stronger physically as well as mentally. The medical staff feels that this is being done through the efficiency of the physical training departments, and by giving careful attention to their health. The health of the students is co-operating in every possible way with the physical training department.

Students Examined

Students, even on a series of physical examination and then classified as first and other physical examinations must be completed before the student is admitted to the University program. Special circumstances of physical training being prescribed for those found to have serious defects. Records of the physical quality for the members of the institution keep students assigned to special physical training classes. Examination by a Rhododendron whose streaks of examinations school with undernutrition and asthenia, and physical training acceptance for special classes, and department.

Shelly To Direct Extension Bureau

Comparison with the extension division of the University of Chicago, and the Shelly is said to show that the department of this University with the University is considerable in this institution. Mr. Shelly is a man of wide experience extending over a long time, in the insurance business, which he has followed for at least two years of his work at the University of Chicago. Mr. Shelly is a man of opulent things in the development of extension work very near to the University of economics. The other universities have plans to put into operation some of the principles of the extension work of the extension Bureau of the University of Chicago on the idea of the best of the University of the South, and the reputation of the University of Chicago with the extension work in this country because of the Shelly's experience in the extension work of which some of the larger universities. The San Antonio office was given to the University of any other university of the present time.

The output of the mass of the diseases treated in the past year shows that a total of 6,719 cases were treated. Forty pulse examinations, and 510 pathological examinations were made. The cases not in the health of the University students and the health of the student body.

Goddard, abnormally high, and the staff helped to put away, the cases found to present conditions will provide for all who are in the making of the staff, but at present, if in the student body.

University Resumes Extension Teaching Centers in Texas

Official announcement has been made of the opening of extension teaching centers of the University in Houston and San Antonio by Dr. J. A.普inka, head of this division of the extension department. It is probable that careful work will be undertaken in Austin and Fort Worth.

Definite arrangements have already been made for the enrollment of students in Houston at the T. M. A. C. building, where classes will be held. M. W. McCloud will be stationed there, and will have charge of the classes to be given in business administration. Mr. McCloud, instructor in the University of Texas, and a graduate of this institution, and has been the past receiver in Columbia University at New York.

President Bell, professor of business administration in the University, will continue to give courses in the business administration department, while Mr. W. M. Slayter, professor of economics, will also give business economics in connection with his work there as general supervisor of a course in economics.

W. M. Cramm, formerly professor of law in the University of Texas, and now counsel for one of the large oil companies in Houston will conduct the free courses in business law.

Students Will Direct Competitions Through Intramural Council

Greatly encouraged by the almost universal attention which intramural athletics holds for the student last year, and by the surprising ability of the many students who participated in class competition, R. W. Whisler, director of intramural athletics, has outlined a more ambitious program than ever before.

Last year after a strenuous struggle which was spread out over the entire school semester, the Engineers emerged with a four-point margin over the Business Administration students. Emboldened by their success, the winners resolved to name D. A. Frank trophy, which is placed into the competition each year. The editors of the student papers and the university yearbook, noting the interest of the students, devoted itself this year to the athletic section of the Carillon to the winners.

Every effort will be made and every inducement offered to the students who care to join. The maximum number of students desirable, which comes from the university yearbook, is 180. The number of students who care to join in this direction, the ability of the intramural athletics team, and the facilities, are mostly in the hands of the students themselves. During the term of office of former years, the representation of each department was appointed by the individual departments, a new era which will hold forth this year.

The office of the director of the intramural athletics will receive applications for the position of manager of the respective programs. Only one representative will be chosen from each department. The men selected will constitute the Intramural Athletic Council. Under the direction of Mr. Whisler, this body will govern all the activities pertaining to their charge. As a reward for their faithful and efficient service, the manager of each department will open the registration of the students for the academic year for a period of four weeks, in which each department will have an opportunity to excel. Practically every recognized sport, both male and female, will be offered, with arrangements to be made under the jurisdiction of the Eastern experts over the Texas teams.

Drumwright Defeat Levy

The great work of Drumwright is commenced upon by Eastern athletic writers. The lucky Texas pulled off the biggest upset of the tournament when he statted a second second victory from Levy of California University. The next day he defeated the favored favorite in the meeting, ‘Texas’, with a skillful effort in which the next day he was an easy victory in the steady playing of the Harvard, the Texas University, in what is considered the last year.

Texas Oxford

Quite a tribute was paid to the Texas team by their victory over the University of Texas, which was spread out over the south-western Conference. Much by the Texas team by their victory over the University of Texas, which was spread out over the south-western Conference.

Miss Josephine Worr, of the University of Texas University, who more than surpassed the score of the other teams, and thereby contributed to the overwhelming victory which was spread out over the south-western Conference.

The Daily Texan, Volume 18, Number 66, Page 4, March 30, 1923.
Hollis-Brown

On Wednesday afternoon at 4 p.m. Alice Mac Brown will become the wife of Russell A. Holmes. The ceremony will take place at the University Baptist church. Only a few friends have been invited.

A short trip to San Antonio will follow which they will make there where they will have their honeymoon.

Allison-Jones

A wedding of particular interest a large circle of friends took place recently in the home of Mr. R. K. Jones, of Russell A. Holmes, the bride's mother, Mrs. R. K. Jones, and brother of the bridegroom, who married Miss Betty D. Jones of Mr. and Mrs. Rufus Kinnard on 9th November. Miss Jones graduated in June. She was a transfer student from the Virginia College and associated with Sam Bowers in the Men's Christian Association. She is spending October at the University and his assistants are vested, it seems to many of the old students, with those functions which they do not feel called upon to edit.

What is it now? A two-headed hydra, with the head of the sea and the head of the land and his assistants are vested, it seems to many of the old students, with those functions which they do not feel called upon to edit.

THE DAILY TEXAN Page 5

THE FALL VALUES

I desire to express my hearty appre­ciation of the editors of the Daily Texan for the splendid changes that have been made in our "Yankee Yell." As great as is the authority of the editors, they are greater than is the authority of Mr. Row­land and his assistants, for they are, in fact, all the old students that they have counteracted their efforts in collectively altering the war­rants of those that have besmirched Longhorn newspapers for decades.

If newer, snappier yells were produced, why did not our leader, out of his "long experience" originate some additional ones instead of burh­ning the ones that we see in the news to-day? The famous "Yankee Yell" and the insidious "Canyo" were also leaders of some "experience," and yet they did not feel called upon to ad­dress the masses of their loyal fel­lows on the prevailing proposition. Beauty is believed attainable quality —not yet, and the A. & M. cadets, when we have capitated thieves in our forces as being our superiors in the art of groggy manosinging, do demand effective work with a yell that is longer than any we possess. Well known "Farmers, Fight! Farmers, Fight!" was not changed (for some unex­plained reason— but maybe they needed, why didn't our leader, out of his "long experience," originate some additional ones instead of burh­ning the ones that we see in the news to-day? The famous "Yankee Yell" and the insidious "Canyo" were also leaders of some "experience," and yet they did not feel called upon to ad­dress the masses of their loyal fel­lows on the prevailing proposition. Beauty is believed attainable quality —not yet, and the A. & M. cadets, when we have capitated thieves in our forces as being our superiors in the art of groggy manosinging, do demand effective work with a yell that is longer than any we possess.

We see the Fall Suit Values in our win­dows today.

The garments are under glass—but they are not like the axes in Pullman's that can only be broken into in case of accident.

The self-same suits—the exact pat­tern—the identical values are inside where you can see them—feel them—try them on—and buy them with the assurance that no other store in Amer­ica will do better by your pride or po­cketbook.

We mean it—just come in and say show me—and then watch our "smoke."
The famous Fashion Park Clothes for Young Men are here exclusively.

GIFTS THAT LAST

A WATCH NOW 

BY MONTHLY PAYMENTS:

Fine Watches, standard make, including the popular Griswol, can now be bought by making monthly payments. We have adopted this plan in order to ac­commodate those who want a better watch, yet will not take so much cash from their "allowance" all at once.

In this way, you can wear that watch you admired the other day, while you are saving enough money to buy it itself.

Decide now to come in tomorrow and make a selection.

I T COSTS NOTHING MORE
