Supplementary Material for

Pediatric genitourinary tumors: Distribution, Demographics, and Outcomes

Azadeh Nazemi, Siamak Daneshmand, Andy Chang
TABLE S1 Median age and interquartile range (IQR) of tumor presentation based on tumor site and histology

| Histologic Type     | Median | Q1  | Q3  | IQR |
|---------------------|--------|-----|-----|-----|
| **Kidney**          |        |     |     |     |
| Nephroblastoma      | 3      | 1   | 5   | 4   |
| Sarcoma             | 3      | 1   | 5   | 4   |
| RCC                 | 11     | 8   | 13  | 5   |
| NS Tumors           | 1      | 0   | 4   | 3   |
| **Testis**          |        |     |     |     |
| GCT                 | 1      | 0   | 8   | 8   |
| RMS                 | 6      | 4   | 11  | 7   |
| Lymphoma            | 8      | 5   | 10  | 5   |
| **Bladder**         |        |     |     |     |
| RMS                 | 2      | 1   | 4   | 3   |
| TCC                 | 11.5   | 9   | 14  | 5   |
| Lymphoma            | 7.5    | 3   | 14  | 11  |
| Myosarcoma/liposarcoma | 7    | 1   | 14  | 13  |
| **Vagina**          |        |     |     |     |
| RMS                 | 2      | 1   | 2.5 | 1.5 |
| GCT                 | 1      | 0   | 1.5 | 1.5 |
| **Prostate**        |        |     |     |     |
| RMS                 | 2      | 1   | 6.5 | 5.5 |
