- Regulation of response to stimulus
- Regulation of multicellular organismal process
- Regulation of signal transduction
- Regulation of signaling
- Regulation of cell communication
- Negative regulation of biological process
- Cellular response to chemical stimulus
- System development
- Response to organic substance
- Negative regulation of cellular process
- Negative regulation of myoblast differentiation
- Epithelium development
- Biological regulation
- Oxidation-reduction process
- Regulation of system process
- Regulation of biological process
- Organic hydroxy compound biosynthetic process
- Regulation of muscle organ development
- Positive regulation of MAPK cascade
- Regulation of muscle tissue development
