Erratum to: Several Articles in Doklady Mathematics

Received December 5, 2022; revised December 5, 2022; accepted December 5, 2022

DOI: 10.1134/S106456242207002X

The articles listed below were originally published electronically in Springer-Link without Open Access. After publication, the authors decided to make the articles an Open Access publication.

An Inverse Problem for a Semilinear Wave Equation

Corresponding Member of the RAS V. G. Romanov*
Sobolev Institute of Mathematics, Siberian Branch, Russian Academy of Sciences, Novosibirsk, Russia
*e-mail: romanov@math.nsc.ru
Received February 7, 2022; revised March 10, 2022; accepted March 20, 2022

The original article can be found online at https://doi.org/10.1134/S1064562422030097
Published electronically in Springer-Link on August 05, 2022

On Derivation of Equations of Electrodynamics and Gravitation from the Principle of Least Action, the Hamilton–Jacobi Method, and Cosmological Solutions

V. V. Vedenyapin*
Federal Research Center Keldysh Institute of Applied Mathematics, Russian Academy of Sciences, Moscow, Russia
*e-mail: vicveden@yahoo.com
Presented by Academician of the RAS V.V. Kozlov
Received January 27, 2022; revised March 29, 2022; accepted April 12, 2022

The original article can be found online at https://doi.org/10.1134/S1064562422330018
Published electronically in Springer-Link on August 05, 2022

Solving Nonlinear Inverse Problems Based on the Regularized Modified Gauss–Newton Method

Corresponding Member of the RAS V. V. Vasin*a,b,*
*Krasovskii Institute of Mathematics and Mechanics, Ural Branch, Russian Academy of Sciences, Yekaterinburg, Russia
bUral Federal University, Yekaterinburg, Russia
*e-mail: vasin@imm.uran.ru
Received January 11, 2022; revised March 28, 2022; accepted April 1, 2022

The original article can be found online at https://doi.org/10.1134/S1064562422030103
Published electronically in Springer-Link on August 05, 2022
ERRATUM to

On Convergence of Finite-Difference Shock-Capturing Schemes in Regions of Shock Waves Influence

O. A. Kovyrkina, V. V. Ostapenko, and Corresponding Member of the RAS V. F. Tishkin

Lavrentyev Institute of Hydrodynamics, Siberian Branch, Russian Academy of Science, Novosibirsk, Russia
Novosibirsk State University, Novosibirsk, Russia
Federal Research Center Keldysh Institute of Applied Mathematics, Russian Academy of Science, Moscow, Russia
*e-mail: olyana@ngs.ru
**e-mail: ostapenko_vv@ngs.ru
***e-mail: v.f.tishkin@mail.ru

Received October 4, 2021; revised January 24, 2022; accepted March 28, 2022

The original article can be found online at https://doi.org/10.1134/S1064562422030048
Published electronically in Springer-Link on August 05, 2022

On the Extremum Control Problem with Pointwise Observation for a Parabolic Equation

I. V. Astashova, D. A. Lashin, and A. V. Filinovskiy

Faculty of Mechanics and Mathematics, Lomonosov Moscow State University, Moscow, Russia
 Plekhanov Russian University of Economics, Moscow, Russia
“FITO” Scientific Production Company, Moskovskii, Moscow oblast, Russia
Bauman Moscow State Technical University, Moscow, Russia
*e-mail: ast.diffiety@gmail.com
**e-mail: dalashin@gmail.com
***e-mail: flnv@yandex.ru

Presented by Academician of the RAS V.V. Kozlov

Received December 1, 2021; revised December 10, 2021; accepted March 14, 2022
