Erratum

It has come to our attention that there is an error in the methods section of this article [1]. The sentence: “Quantified libraries were pooled and sequenced using the MiSeq v2, 2 × 150 cycle cartridge (Illumina)” is incorrect and should read: “Quantified libraries were pooled and sequenced using the MiSeq v3, 2 × 75 cycle cartridge (Illumina)”\textsuperscript{a}. The publisher apologises for any inconvenience caused.
