Supplementary Table S1. Disease free survival (DFS) according to TN stage

| Stage | 3-year DFS (%) | 5-year DFS (%) |
|-------|----------------|----------------|
| T2N0  (n = 49) | 81             | 75             |
| T3N0  (n = 11) | 72             | 48             |
| T4N0  (n = 11) | 55             | 41             |
| T2N+  (n = 34) | 66             | 66             |
| T3N+  (n = 24) | 88             | 67             |
| T4N+  (n = 27) | 66             | 61             |
| T3-4N+ (n = 51) | 76             | 64             |
| T3-4  (n = 73) | 72             | 58             |
| N0    (n = 82) | 75             | 66             |
| N+    (n = 88) | 73             | 65             |
