### Narrative Review Checklist

| Section/Topic | Item No | Item | Reported on Page Number/Line Number | Reported on Section/Paragraph |
|---------------|---------|------|------------------------------------|------------------------------|
| **TITLE**     |         |      |                                    |                              |
| Title         | 1       | Identify the report as a Narrative Review or Literature Review. | 1-2                          | Title                        |
| **ABSTRACT**  |         |      |                                    |                              |
| Structured summary | 2     | Provide a structured summary with the subsections as: objective, background, methods, conclusion (1). | 17-39                        | Abstract                     |
| **INTRODUCTION** |       |      |                                    |                              |
| Rationale/background | 3     | Describe the rationale for the review in the context of what is already known. | 50-72                        | Introduction                  |
| Objectives    | 4       | Specify the key question(s) identified for the review topic. | 72-73                        | Introduction                  |
| **METHODS**   |         |      |                                    |                              |
| Research selection | 5     | Specify the process for identifying the literature search (eg, years considered, language, publication status, study design, and databases of coverage). | N/A                          | N/A                          |
| **DISCUSSION/SUMMARY** | | | | |
| Narrative     | 6       | Discuss: 1) research reviewed including fundamental or key findings, 2) limitations and/or quality of research reviewed, and 3) need for future research. | 75-305                       | COPD Awareness/ Treatment Status/ Prevention to improve the... |
| Summary       | 7       | Provide an overall interpretation of the narrative review in the context of clinical practice and/or the Nutrition Care Process for registered dietitian nutritionists, clinical practice for other health professionals, policy development and implementation, or future research. | 308-322                      | Conclusion                   |
