Published: 2020.01.18

Corrected article: Theranostics 2017; 7(3): 523-537. doi:10.7150/thno.17259.

In the initially published version of this article, the “Heart” image of the RMSNs+Laser group in Figure 7 is wrong. The correct Figure 7 is as follow:

![Corrected Figure 7](image_url)

Figure 7. H&E staining of heart, liver, spleen and kidney (100×) at the end of the antitumor inhibition test. The black circles indicated the inflammation in the heart of the Dox-treated mice. Scale bar = 100 μm.

The corrections made in this erratum do not affect the original conclusions. The authors apologize for any inconvenience or misunderstanding that this error may have caused.
