COVID-19 Survey

RCSI

Assessment of Public’s Attitudes and Behaviors Towards the Novel Coronavirus COVID-19

You are being asked to participate in a survey conducted by researchers at the Royal College of Surgeons in Ireland – Medical University of Bahrain. This survey is a part of a study done to help us understand what people are thinking about the coronavirus pandemic, and what actions they are taking.

If you wish to take part, this survey will take approximately 5 minutes. The survey is entirely voluntary and completely anonymous – we will not contact you individually after the survey and your answers are confidential. All information will be protected and no one outside this study will have access to your information. There is no cost for participating in this research study, and there is no payment to you, but we are grateful for your help. This study is only for individuals aged 18 years and above.

If you feel distressed or uncomfortable because of the survey please let us know at covidstudybh@rcsi-mub.com and we will provide you with support links. This email will also be provided to you at the end of survey.

By completing the survey, you consent to participate in the study, and you confirm that you are 18 years of age or above.
1. Which of the following sources have you used to learn about the new coronavirus? (Select all that applies)

1. Social Media / وسائل التواصل الاجتماعي
