## Narrative Review Checklist

| Section/Topic       | Item No | Item                                                                 | Reported on Page Number/Line Number | Reported on Section/Paragraph |
|---------------------|---------|----------------------------------------------------------------------|-------------------------------------|------------------------------|
| TITLE               |         |                                                                       |                                     |                              |
| Title               | 1       | Identify the report as a Narrative Review of …                       | Page 1, Lines 2-3                   | Page 1, Paragraph 1          |
| ABSTRACT            |         |                                                                       |                                     |                              |
| Unstructured summary| 2       | Provide an unstructured summary including, as applicable: background, objective, brief summary of narrative review and implications for future research, and clinical practice or policy development. | Page 2, Lines 33-55                | Page 2, Paragraphs 1-4       |
| INTRODUCTION        |         |                                                                       |                                     |                              |
| Rationale/background | 3       | Describe the rationale for the review in the context of what is already known. | Page 3, Lines 58-64                | Page 3, Paragraph 1          |
| Objectives          | 4       | Specify the key question(s) identified for the review topic.         | Page 3, Lines 65-66                 | Page 3, Paragraph 1          |
| METHODS             |         |                                                                       |                                     |                              |
| Research selection  | 5       | Specify the process for identifying the literature search (eg, years considered, language, publication status, study design, and databases of coverage). | Pages 3-4, Lines 76-82             | Page 3, Paragraph 3 to Page 4, Paragraph 1 |
| DISCUSSION/SUMMARY  |         |                                                                       |                                     |                              |
| Narrative           | 6       | Discuss: 1) research reviewed including fundamental or key findings, 2) limitations and/or quality of research reviewed, and 3) need for future research. | Pages 4-11, Lines 88-271           | Pages 4, Paragraph 2 to Page 11, Paragraph 4 |
| Summary             | 7       | Provide an overall interpretation of the narrative review in the context of clinical practice and/or the Nutrition Care Process for registered dietitian nutritionists, clinical practice for other health professionals, policy development and implementation, or future research. | Pages 11-12, Lines 273-279         | Page 11, Paragraph 5 to Page 12, Paragraph 1 |
