Correction

Article title: Cellular alterations and crosstalk in the osteochondral joint in osteoarthritis and promising therapeutic strategies
Authors: Jiang, A., Xu, P., Sun, S., Zhao, Z., Tan, Q., Li, W., Song, C., and Leng, H.
Journal: Connective Tissue Research
DOI: http://dx.doi.org/10.1080/03008207.2020.1870969

When the above article was first published online, there was an error in the first sentence of page 3, under the OA and chondrocytes heading.

The correct sentence should be:

Chondrocytes, the unique cell type in cartilage, occupy 1–5% of cartilage volume and are wrapped in the hydrated extracellular matrix.

The online version of this article has been corrected.
