## Supplemental Table 2. ATC codes of principal drugs of interest

| Category                        | ATC   |
|---------------------------------|-------|
| Antidepressants                 | N06A  |
| SSRIs                           | N06AB |
| Tricyclics                      | N06AA |
| Other antidepressants           | N06AX |
| anxiolytics                     | N05B  |
| **BDZ of short action**         |       |
| Alprazolam                      | N05BA12|
| Lorazepam                       | N05BA06|
| Oxazepam                        | N05BA04|
| Clotiazepam                     | N05BA21|
| Lormetazepam                    | N05CD06|
| Triazolam                       | N05CD05|
| Midazolam                       | N05CD08|
| **BDZ of long action**          |       |
| Clorazepate dipotassium         | N05BA05|
| Diazepam                        | N05BA01|
| Medazepam                       | N05BA03|
| Chlordiazepoxide                | N05BA02|
| Clobazam                        | N05BA09|
| Pinazepam                       | N05BA14|
| Bromazepam                      | N05BA08|
| Flurazepam                      | N05CD01|
| Quazepam                        | N05CD10|
| Clonazepam                      | N03AE01|
| **hypnotics and sedative**      | N05C  |
