**Park et al. Supplementary information guide**

File name: Park et al. Supplement table lists
1) Table legends for Supplement table 1-8
2) Supplement table 3: Oligonucleotide sequences
3) Supplement table 4: shRNA constructs
4) Supplement table 5: TRIM21 cancer mutations
5) Supplement table 7: Dataset from Lung Cancer Explorer

File name: Park et al. Supplement table 1
1) LCMS metabolomics

File name: Park et al. Supplement table 2
1) E3 ubiquitin ligase cancer mutations

File name: Park et al. Supplement table 6
1) TRIM21-GFP pull-down, mass spectrometry analysis

File name: Park et al. Supplement table 8
1) Raw data of ranked glycolytic genes enriched in lung cancer

File name: Park et al. Supplementary information
1) Raw, uncropped data for western blots
2) Supplement figures exemplifying the gating strategy for cell sorting
