## Volume 7  Number 14  October 2016

| Title                                                                 | Authors                                                                 | Page |
|----------------------------------------------------------------------|------------------------------------------------------------------------|------|
| Was LIGO's Gravitational Wave Detection a False Alarm?              | P. Y. Ulianov, X. C. Mei, P. Yu.                                      | 1845 |
| The Potential Energy of Nucleon and Nuclear Structure               | B. Liang                                                               | 1866 |
| Some Problems of Elementary Particles Physics and Gilbert’s Postulate| B. V. Vasiliev                                                         | 1874 |
| Linear and Nonlinear Electron Beam Heating of Magnetized, Motional, and Dusty Plasma | Sh. M. Khalil, B. M. AL Alotaibi.                                     | 1889 |
| Quantum and Classical Approach Applied to the Motion of a Celestial Body in the Solar System | S. Olszewski                                                          | 1901 |
| The Contribution of the Gravitational Propagation Delay to Orbital and Center of Mass Motions | P. Kornreich                                                         | 1909 |
| What Physical World Do We Live in?                                 | A. A. Antonov                                                          | 1933 |
| The Golden Ratio                                                    | C. Jozsef                                                             | 1944 |
| Revisiting the Half Quanta and Defining Quantum Step Mechanics      | J.-P. Auffray, M. S. El Naschie.                                      | 1949 |
| Kähler Dark Matter, Dark Energy Cosmic Density and Their Coupling   | M. S. El Naschie                                                      | 1953 |

The figure on the front cover is from the article published in Journal of Modern Physics, 2016, Vol. 7, No. 14, pp. 1845-1865 by Policarpo Yōshin Ulianov, Xiaochun Mei and Ping Yu.
Journal of Modern Physics (JMP)

Journal Information

SUBSCRIPTIONS

The *Journal of Modern Physics* (Online at Scientific Research Publishing, [www.SciRP.org](http://www.SciRP.org)) is published monthly by Scientific Research Publishing, Inc., USA.

**Subscription rates:**
Print: $89 per issue.
To subscribe, please contact Journals Subscriptions Department, E-mail: sub@scirp.org

SERVICES

**Advertisements**
Advertisement Sales Department, E-mail: service@scirp.org

**Reprints (minimum quantity 100 copies)**
Reprints Co-ordinator, Scientific Research Publishing, Inc., USA.
E-mail: sub@scirp.org

COPYRIGHT

**Copyright and reuse rights for the front matter of the journal:**

[http://creativecommons.org/licenses/by/4.0/](http://creativecommons.org/licenses/by/4.0/)

**Copyright for individual papers of the journal:**
Copyright © 2016 by author(s) and Scientific Research Publishing Inc.

**Reuse rights for individual papers:**
Note: At SCIRP authors can choose between CC BY and CC BY-NC. Please consult each paper for its reuse rights.

**Disclaimer of liability**
Statements and opinions expressed in the articles and communications are those of the individual contributors and not the statements and opinion of Scientific Research Publishing, Inc. We assume no responsibility or liability for any damage or injury to persons or property arising out of the use of any materials, instructions, methods or ideas contained herein. We expressly disclaim any implied warranties of merchantability or fitness for a particular purpose. If expert assistance is required, the services of a competent professional person should be sought.

PRODUCTION INFORMATION

For manuscripts that have been accepted for publication, please contact:
E-mail: jmp@scirp.org
Journal of Modern Physics (JMP) is an international journal dedicated to the latest advancement of modern physics. The goal of this journal is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in different areas of modern physics.

Editor-in-Chief
Prof. Yang-Hui He
City University, UK

Executive Editor-in-Chief
Prof. Marko Markov
Research International, Buffalo Office, USA

Subject Coverage
Journal of Modern Physics publishes original papers including but not limited to the following fields:

- Biophysics and Medical Physics
- Complex Systems Physics
- Computational Physics
- Condensed Matter Physics
- Cosmology and Early Universe
- Earth and Planetary Sciences
- General Relativity
- High Energy Astrophysics
- High Energy/Accelerator Physics
- Instrumentation and Measurement
- Interdisciplinary Physics
- Materials Sciences and Technology
- Mathematical Physics
- Mechanical Response of Solids and Structures
- New Materials: Micro and Nano-Mechanics and Homogenization
- Non-Equilibrium Thermodynamics and Statistical Mechanics
- Nuclear Science and Engineering
- Optics
- Physics of Nanostructures
- Plasma Physics
- Quantum Mechanical Developments
- Quantum Theory
- Relativistic Astrophysics
- String Theory
- Superconducting Physics
- Theoretical High Energy Physics
- Thermology

We are also interested in: 1) Short Reports—2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book Reviews—Comments and critiques.

Notes for Intending Authors
Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.

Website and E-Mail
http://www.scirp.org/journal/jmp
E-mail: jmp@scirp.org
**What is SCIRP?**

Scientific Research Publishing (SCIRP) is one of the largest Open Access journal publishers. It is currently publishing more than 200 open access, online, peer-reviewed journals covering a wide range of academic disciplines. SCIRP serves the worldwide academic communities and contributes to the progress and application of science with its publication.

**What is Open Access?**

All original research papers published by SCIRP are made freely and permanently accessible online immediately upon publication. To be able to provide open access journals, SCIRP defrays operation costs from authors and subscription charges only for its printed version. Open access publishing allows an immediate, worldwide, barrier-free, open access to the full text of research papers, which is in the best interests of the scientific community.

- High visibility for maximum global exposure with open access publishing model
- Rigorous peer review of research papers
- Prompt faster publication with less cost
- Guaranteed targeted, multidisciplinary audience
