Erratum to: Math. Z.
DOI 10.1007/s00209-009-0494-y

A typesetting error occurred in the second paragraph before the statement of Lemma 3.
The text:

- There exist four points $a < b < c < d$.

should be replaced with:

- There exist four points $a < b < c < d$ in the axis \( \mathbb{X} \) such that $a \in L'_1(t_1)$, $b \in L'_2(s_1)$, $c \in L'_1(t_2)$, and $d \in L'_2(s_2)$ for some parameters $t_1, s_1, t_2, s_2$.

The online version of the original article can be found under doi:10.1007/s00209-009-0494-y.
