Supplement 4. McNemar’s test of events at 1st and 2nd dose

| Events         | Event at dose 1 | Event at dose 2 | p-value |
|----------------|-----------------|-----------------|---------|
|                | N/Y | No. (%) | N    | Y    |       |
| Nausea         | N   | 127 (96.9) | 117 (92.1) | 10 (7.9) | <0.001 |
|                | Y   | 4 (3.1) | 1 (25.0) | 3 (75.0) |         |
| Fatigue        | N   | 108 (82.4) | 62 (57.4) | 46 (42.6) | <0.001 |
|                | Y   | 23 (17.6) | 6 (26.1) | 17 (73.9) |         |
| Urticaria      | N   | 127 (96.9) | 125 (98.4) | 2 (1.6) | NS     |
|                | Y   | 4 (3.1) | 2 (50.0) | 2 (50.0) |         |
| Facial edema   | N   | 129 (98.5) | 127 (98.4) | 2 (1.6) | NS     |
|                | Y   | 2 (1.5) | 2 (100.0) | 0         |         |
| Lip edema      | N   | 130 (99.2) | 128 (98.5) | 2 (1.5) | NS     |
|                | Y   | 1 (0.8) | 1 (100.0) | 0         |         |
| Self-medication | N  | 109 (83.2) | 54 (49.5) | 55 (50.5) | <0.001 |
|                | Y   | 22 (16.8) | 5 (22.7) | 17 (73.3) |         |
| ER/OPD visit   | N   | 128 (97.7) | 127 (99.2) | 1 (0.8) | NS     |
|                | Y   | 3 (2.3) | 3 (100.0) | 0         |         |

Values are presented as number (%).
N, no; Y, yes; NS, not significant; ER, emergency room; OPD, outpatient department.
