### Table

| Cell Type                        | Relative Percent | p-value |
|---------------------------------|------------------|---------|
| B cells naive                   | 60%              |         |
| B cells memory                  | 80%              |         |
| T cells CD8                     | −0.29            |         |
| T cells CD4 naive               | −0.17            |         |
| T cells CD4 memory              | −0.15            |         |
| T cells CD4 memory activated    | 0.03             |         |
| T cells CD4 memory resting      | −0.05            |         |
| T cells follicular helper        | −0.10            |         |
| T cells regulatory (Tregs)       | −0.21            |         |
| T cells gamma delta             | 0.02             |         |
| NK cells resting                | −0.17            |         |
| NK cells activated              | −0.15            |         |
| Macrophages M0                  | −0.12            |         |
| Macrophages M1                  | −0.11            |         |
| Dendritic cells resting         | 0.31             |         |
| Dendritic cells activated       | 0.29             |         |
| NK cells gamma delta            | −0.06            |         |
| Neutrophils                     | 0.13             |         |
| Eosinophils                     | 0.26             |         |
| Mast cells resting              | −0.17            |         |
| Mast cells activated            | −0.15            |         |
| T cells CD4 naive               | −0.22            |         |
| NK cells                        | 0.02             |         |
| Monocytes                       | 0.19             |         |
| Macrophages M2                  | −0.12            |         |
| Mast cells gamma delta          | 0.13             |         |
| T cells gamma delta             | 0.13             |         |
| NK cells                        | 0.19             |         |
| Monocytes                       | 0.31             |         |
| Macrophages M0                  | −0.17            |         |
| Macrophages M1                  | −0.16            |         |
| Dendritic cells resting         | −0.13            |         |
| Dendritic cells activated       | −0.12            |         |
| NK cells gamma delta            | −0.06            |         |
| Neutrophils                     | 0.17             |         |
| Eosinophils                     | 0.31             |         |
| Mast cells resting              | −0.14            |         |
| Mast cells activated            | −0.12            |         |
