Editor-in-Chief

Prof. Shaocai Yu  
North Carolina State University, USA

Editorial Board

Dr. Jørgen Brandt  
University of Aarhus, Denmark

Prof. Chak K. Chan  
City University of Hong Kong, China

Prof. Yoon-Seok Chang  
Pohang University of Science and Technology, South Korea

Dr. Ke Du  
University of Calgary, Canada

Dr. Guobin Fu  
CSIRO Land and Water, Australia

Dr. Paolo Di Girolamo  
Università degli Studi della Basilicata, Italy

Prof. Yanqing Lian  
University of Illinois at Urbana-Champaign, USA

Prof. Ioannis Liritzis  
University of the Aegean, Greece

Prof. Junboum Park  
Seoul National University, South Korea

Prof. Alessandro Pezzoli  
Turin Polytechnic, Italy

Prof. Ying I. Tsai  
Chia Nan University of Pharmacy and Science, China

Prof. Julian Wang  
US NOAA Air Resources Laboratory, USA

Prof. Tijian Wang  
Nanjing University, China

Prof. Qiang Zhang  
Sun Yat-sen University, China
Table of Contents

Volume 10   Number 3                                     July 2020

Quantification and Qualification Analysis of the Heat Waves Using Heat Wave Norm in the Region of Bechar (Algeria) during the Period 1951-2010
M. Oubadi, A. Hamou, F. Tidim..........................................................................................................................273

Assessment of Different WRF Configurations Performance for a Rain Event over Panama
M. Sierra-Lorenzo, A. Bezanilla-Morlot, A. D. Centella-Artola, A. León-Marcos, I. Borrajero-Montejo,
A. L. Ferrer-Hernández, J. L. Salazar-Gaitán, A. Lau-Melo, F. Picado-Traña, J. Pérez-Fernández..........................280

Modeling the Risks of Climate Change and Global Warming to Humans Settled in Low Elevation Coastal Zones in Louisiana, USA
Y. A. Twumasi, E. C. Merem, J. B. Namwamba, T. Ayala-Silva, R. Okwemma, O. S. Mwakimi, K. Abdollahi,
O. E. B. Lukongo, K. LaCour-Conant, J. Tate, C. O. Akinrinwoye.....................................................................298

Assessment of the Evolution and Socio-Economic Impacts of Extreme Rainfall Events in October 2019 over the East Africa
L. B. Chang’a, A. L. Kijazi, K. B. Mafuru, A. L. Kondowe, S. E. Osima, H. I. Mtongori, H. K. Ng’ongolo,
O. H. Juma, E. Michael..................................................................................................................................319

The Monsoon over the Barents Sea and Kara Sea
A. Kislov, T. Matveeva......................................................................................................................................339

Spatial Rainfall Variability and an Increasing Threat of Drought, According to Climate Change in Uttaradit Province, Thailand
M. F. U. Moazzam, B. G. Lee, G. Rahman, T. Waqas.....................................................................................357

The Utility of 1000 - 500 mb Thickness and Weather Type as a Rain-Snow Divide: A 30-Year Study at Albany, NY
A. C. Hannigan, M. L. Godek.............................................................................................................................372

The Analysis of Global Warming Patterns from 1970s to 2010s
A. Cheshmehzangi.......................................................................................................................................392

Characterization of Surface Layer Turbulence across a West African Tropical Climate Belt
D. O. Edokpa, P. N. Ede................................................................................................................................405
Atmospheric and Climate Sciences (ACS)

Editor-in-Chief
Prof. Shaoai Yu
North Carolina State University, USA

Subject Coverage
This journal invites original research and review papers that address the following issues. Topics of interest include, but are not limited to:

ACS aims to rapidly publish original scientific papers in all the fields of applied and/or climate atmospheric science. It covers the latest achievements and developments in the applied climate and atmospheric sciences, including but not limited to the following scopes as well as the theoretical and practical aspects of these disciplines:

- Agricultural climatology
- Air chemistry and the boundary layer, clouds and weather modification
- Air quality, atmosphere & health
- Applied meteorology
- Atmospheric acoustics, electricity, optics, physics, radiation and sounding
- Atmospheric and oceanic physics
- Atmospheric and solar-terrestrial physics
- Atmospheric chemistry
- Atmospheric environment
- Aviation climatology
- Biometeorology
- Building climatology and forestry climatology
- Climate change and broadcast meteorology
- Climate dynamics and variability
- Climate policy
- Clouds and precipitation physics
- Cosmical meteorology
- Dendroclimatology
- Dynamics of atmospheres and ocean
- Geology and Climate Change
- Hydrology, oceans and atmosphere
- Hydrometeorology
- Marine meteorology and meteorology-associated geophysics
- Medical meteorology and medical climatology
- Meteorological, climatological and atmospheric environmental issues
- Navigation climatology
- Phenology and paleoclimatology
- Polar meteorology
- Radar meteorology and radio meteorology
- Remote sensing
- Satellite meteorology and synoptic meteorology
- Theoretical and applied climatology
- Tropical meteorology
- Weather systems, numerical weather prediction

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the ACS.

Notes for Intending Authors
Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.

Website and E-Mail
https://www.scirp.org/journal/acs   E-mail: acs@scirp.org
**What is SCIRP?**
Scientific Research Publishing (SCIRP) is one of the largest Open Access journal publishers. It is currently publishing more than 200 open access, online, peer-reviewed journals covering a wide range of academic disciplines. SCIRP serves the worldwide academic communities and contributes to the progress and application of science with its publication.

**What is Open Access?**
All original research papers published by SCIRP are made freely and permanently accessible online immediately upon publication. To be able to provide open access journals, SCIRP defrays operation costs from authors and subscription charges only for its printed version. Open access publishing allows an immediate, worldwide, barrier-free, open access to the full text of research papers, which is in the best interests of the scientific community.

- High visibility for maximum global exposure with open access publishing model
- Rigorous peer review of research papers
- Prompt faster publication with less cost
- Guaranteed targeted, multidisciplinary audience
