## Narrative Review Checklist

| Section/Topic                        | Item No | Item                                                                                                                                   | Reported on Page Number/Line Number | Reported on Section/Paragraph                  |
|--------------------------------------|---------|----------------------------------------------------------------------------------------------------------------------------------------|------------------------------------|-----------------------------------------------|
| **TITLE**                            |         | **Identify the report as a Narrative Review of …**                                                                                     | Page1/Line 1                       | Title/Paragraph 1                             |
| **ABSTRACT**                         |         | **Provide an unstructured summary including, as applicable: background, objective, brief summary of narrative review and implications for future research, and clinical practice or policy development.** | Page2/Line 14                      | Abstract/paragraph 1                          |
| **INTRODUCTION**                     |         | **Describe the rationale for the review in the context of what is already known.**                                                      | Page3/Line 25                      | Introduction/Paragraph 1                     |
| **METHODS**                          |         | **Specify the key question(s) identified for the review topic.**                                                                         | Page3/Line 32                      | Introduction/Paragraph 2                     |
| **DISCUSSION/SUMMARY**               |         | **Discuss: 1) research reviewed including fundamental or key findings, 2) limitations and/or quality of research reviewed, and 3) need for future research.** | Page12/Line 321                    | Summary/Paragraph 1                           |
| **Narrative**                        |         | **Provide an overall interpretation of the narrative review in the context of clinical practice and/or the Nutrition Care Process for registered dietitian nutritionists, clinical practice for other health professionals, policy development and implementation, or future research.** | Page12/Line 321                    | Summary/Paragraph 1                           |
| **Summary**                          |         | **Specify the process for identifying the literature search (eg, years considered, language, publication status, study design, and databases of coverage).** | Line 333                           | data sources/Paragraph 1                     |
