Frequencies of ACE2 polymorphisms that increase the binding affinity between ACE2 receptor and RD18 of Spike (according GnomAD exome database)

The diffusion of polymorphisms rs124668768 (T873) and rs87231851 (E785) is 0, according to GnomAD exome database.

Frequencies of ACE2 polymorphisms that decrease the binding affinity between ACE2 receptor and RD18 of Spike (according GnomAD exome database)
