## Narrative Review Checklist

| Section/Topic | Item No | Item                                                                 | Reported on Page Number/Line Number | Reported on Section/Paragraph |
|---------------|---------|----------------------------------------------------------------------|------------------------------------|-----------------------------|
| **TITLE**     |         |                                                                        |                                    |                             |
| Title         | 1       | Identify the report as a Narrative Review of …                        | 1/1                                | Title page                  |
| **ABSTRACT**  |         |                                                                        |                                    |                             |
| Unstructured summary | 2 | Provide an unstructured summary including, as applicable: background, objective, brief summary of narrative review and implications for future research, and clinical practice or policy development. | 2/1-18 | Abstract/1                   |
| **INTRODUCTION** |       |                                                                        |                                    |                             |
| Rationale/background | 3 | Describe the rationale for the review in the context of what is already known. | 3-4/1-57 | Introduction/1-3             |
| Objectives    | 4       | Specify the key question(s) identified for the review topic.           | 4/54-57                            | Introduction/3               |
| **METHODS**   |         |                                                                        |                                    |                             |
| Research selection | 5 | Specify the process for identifying the literature search (eg, years considered, language, publication status, study design, and databases of coverage). | NA | NA                           |
| **DISCUSSION/SUMMARY** |   |                                                                        |                                    |                             |
| Narrative     | 6       | Discuss: 1) research reviewed including fundamental or key findings, 2) limitations and/or quality of research reviewed, and 3) need for future research. | 17/21-30 | Conclusions/1                 |
| Summary       | 7       | Provide an overall interpretation of the narrative review in the context of clinical practice and/or the Nutrition Care Process for registered dietitian nutritionists, clinical practice for other health professionals, policy development and implementation, or future research. | 17/23-30 | Conclusions/1                 |
