Retraction: Research on 3D reconstruction method of wear particle dynamic image based on multi contour space mapping (IOP Conf. Ser.: Mater. Sci. Eng. 1207 012017)

Published 14 October 2022

This article has been retracted by IOP Publishing following a request by the authors that this article may contain inaccurate results.

IOP Publishing has investigated in line with COPE guidelines with the help of an independent subject expert, who agrees this article contains flaws in the methods that may impact upon the conclusions on the paper. As such, the findings of the article may be unreliable, and IOP Publishing conclude this article should be retracted.

The authors agree to this retraction.
