proprotein convertase subtilisin/kexin 9, LDL-cholesterol, cholesterol, triglyceride, atherosclerosis, LDL receptor (LDLR)

A Corrigendum on
Loss of hepatic Surf4 depletes lipid droplets in the adrenal cortex but does not impair adrenal hormone production

By Chang X, Zhao Y, Qin S, Wang H, Wang B, Zhai L, Liu B, Gu H-m and Zhang D-w. (2021) Front. Cardiovasc. Med. 8:764024. doi: 10.3389/fcvm.2021.764024

In the published article, there was an error in the Funding statement. Instead of “the China Institute at the University of China” it should be “the China Institute at the University of Alberta.” The correct Funding statement appears below.

FUNDING

This work was supported by National Natural Science Foundation of China (NSFC 81929002), Academic Promotion Program of Shandong First Medical University (2019QL010 and 2019PT009), and The Natural Sciences and Engineering Research Council of Canada (RGPIN-2016-06479). D-wZ was also supported by grants from Canadian Institutes of Health Research (PS 178091) and the China Institute at the University of Alberta. SQ was supported by 91539114 and ts201511057.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
