**Question 1:** How would you qualify the workload requested for the intervention?

More generally: **feasibility** of the process?

**Question 2:** Did the intervention contribute to your **knowledge** of the subject "Health literacy in healthcare institutions"?

**Question 3:** Has the round table had, at this stage, an impact in your institution? For example:

**Question 4:** Do you think that the result of **organisational diagnosis** you have just received could be useful to you?

More globally:
- Utilities / impact of the process?
- Follow-up given / envisaged?
- Any suggestions for improvement?

(Transversely: did context-specific points spontaneously emerge from the discussion: temporality, power relationship, group composition, etc....?)
