DOI: doi:10.1016/j.invent.2018.03.001
Reference: INVENT 194

To appear in:
Received date: 9 November 2017
Revised date: 26 February 2018
Accepted date: 2 March 2018

Please cite this article as: Frauke Görges, Caroline Oehler, Eckart von Hirschhausen, Ulrich Hegerl, Christine Rummel-Kluge, GET.HAPPY - Acceptance of an internet-based self-management positive psychology intervention for adult primary care patients with mild and moderate depression or dysthymia: A pilot study. The address for the corresponding author was captured as affiliation for all authors. Please check if appropriate. Invent(2018), doi:10.1016/j.invent.2018.03.001

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
