Are you a student?

Do you need ideas for research topics? Opportunities to present your research?

Is a career in STEM in your future?

Check out a student membership with the Mathematical Association of America (MAA).

If your school is currently a Departmental Member in the MAA, then you can join for free!

(Just ask your instructor or Department Chair who administers the MAA Departmental Membership, and they can sign you up.)

Benefits include:

- Mathematics journals and online resources
- Discounts on local and national conferences where you can present your research and build your professional network
- MAA’s Career Resource Center

For a full list of membership benefits and to join, visit maa.org/join, or call our Member Services Team at 800-331-1622
