Malaria Journal

Editor-in-Chief: M. Hommel

- Ranked 2nd in Tropical Medicine category of JCR
- Supports research in the developing world
- Leading journal on malarial research

*Malaria Journal* is a truly global forum for those interested in malaria research in its broadest sense. It is the only journal that publishes exclusively articles on malaria and, as such, it aims to bring together knowledge from the different specialities involved in this very broad discipline, from the bench to the bedside and to the field.
