# Data Sharing Statement

| Item | Question                                                                 | Authors’ Response                                                                 |
|------|-------------------------------------------------------------------------|-----------------------------------------------------------------------------------|
| 1    | Would you like to share data collected for your study to others?         | No.                                                                               |
| 2    | If not, would you like to share the reason for your decision?            | At present, some test data will provide a basis for our next test, which cannot be shared for the time being, please understand. |
| 3    | What data in particular will be shared?                                  | -                                                                                 |
| 4    | Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code. | No.                                                                               |
| 5    | When will data availability begin?                                       | -                                                                                 |
| 6    | When will data availability end?                                        | -                                                                                 |
| 7    | To whom will you share the data?                                        | -                                                                                 |
| 8    | For what type of analysis or purpose?                                   | -                                                                                 |
| 9    | How or where can the data/documents be obtained?                        | -                                                                                 |
| 10   | Any other restrictions?                                                 | If you are concerned with this part of our research, you can communicate with us by email, thank you. |
