Author Correction: Fine Structure of Posterior Alpha Rhythm in Human EEG: Frequency Components, Their Cortical Sources, and Temporal Behavior

Elham Barzegaran1,2, Vladimir Y. Vildavski3 & Maria G. Knyazeva1,2

Correction to: Scientific Reports https://doi.org/10.1038/s41598-017-08421-z, published online 15 August 2017

This Article contains errors in the Reference list. Reference 19 is incorrectly listed as ‘Nolte, G. et al. Identifying true brain interaction from EEG data using the imaginary part of coherency. Clinical Neurophysiology 115, 2292–2307 (2004).’ The correct reference 19 appears below as ref.1.

Additionally, reference 45 is incorrectly cited in its second instance. The correct reference 45 appears below as ref.2.

Consequently, in the Discussion section,

‘The recently reported decomposition of MEG activity by Independent Component Analysis in the cortical source space revealed occipito-parietal 10 Hz components in all the subjects, and temporal 8–10 Hz components in some of them45.

should read:

‘The recently reported decomposition of MEG activity by Independent Component Analysis in the cortical source space revealed occipito-parietal 10 Hz components in all the subjects, and temporal 8–10 Hz components in some of them2.
