Reverse transfection

A.

H1650  H1975  A549

H838  H2030

B.

Phenotype incidence (%)

| Cell lines | Phenotype incidence |
|------------|---------------------|
| H1650      | 5                   |
| H1795      | 0.56                |
| A549       | 55                  |
| H838       | 52                  |
| H2030      | 2                   |

Forward transfection

A.
