Corrigendum
Corrigendum to “Evacuation after the Fukushima Daiichi Nuclear Power Plant Accident Is a Cause of Diabetes: Results from the Fukushima Health Management Survey”

In the paper titled “Evacuation after the Fukushima Daiichi Nuclear Power Plant Accident Is a Cause of Diabetes: Results from the Fukushima Health Management Survey” [1], the description of “multivariate logistic regression analysis” (Line 11) in the Abstract is incorrect. “Cox proportional hazards model” is the correct form mentioned in the description in Materials and Methods.
