Since January 2020 Elsevier has created a COVID-19 resource centre with free information in English and Mandarin on the novel coronavirus COVID-19. The COVID-19 resource centre is hosted on Elsevier Connect, the company's public news and information website.

Elsevier hereby grants permission to make all its COVID-19-related research that is available on the COVID-19 resource centre - including this research content - immediately available in PubMed Central and other publicly funded repositories, such as the WHO COVID database with rights for unrestricted research re-use and analyses in any form or by any means with acknowledgement of the original source. These permissions are granted for free by Elsevier for as long as the COVID-19 resource centre remains active.
Retrospective Identification of Bacterial Isolates From Emergency Laparotomy Surgical Site Infections in Horses
Natalia Dziubinski, Kathrin Mählmann, Antina Lübke-Becker, and Christoph Lischer

Evaluation of Return Rates to Races in Racehorses After Tendon Injuries: Lesion-Related Parameters
Çağışkan Gülsüm Ülke, Seyrek-İntaş Deniz, and Çelimli Nureddin

Evaluation of Dynamic Structural Disorders in the Upper Airways and Applied Rein Tension in Healthy Dressage Horses During Riding in Different Gaits and Head—Neck Positions
Katrine Toft, Sofie T. Kjeldsen, Nina Dam Otten, Gaby van Galen, Julie Fjeldborg, Michael Sinding, and Sanni Hansen

Case Reports
