Correction: Dispelling myths about rare disease registry system development

Matthew Bellgard1*, Christophe Beroud2,3, Kay Parkinson4, Tess Harris5, Segolene Ayme6, Gareth Baynam7,8,9, Tarun Weeramanthri10, Hugh Dawkins1,10,11,12 and Adam Hunter1

Correction
After publication of this work [1], we noted that we inadvertently failed to include important Acknowledgements in our final version of the manuscript. Please see below the modification:

Acknowledgements
The authors received funding from the Australian National Health and Medical Research Council (APP1055319) and EU F7 Project (HEALTH.2012.2.1.1-1-C); RD Connect: An integrated platform connecting databases, registries, biobanks and clinical bioinformatics for rare disease research. The authors wish to acknowledge their involvement in the International Rare Disease Research Consortium.

Author details
1Centre for Comparative Genomics, Murdoch University, Perth 6150, Western Australia. 2Faculté de Médecine de la Timone, INSERM UMR 910, Aix-Marseille Université, Marseille, France. 3AP-HM, Département de Génétique Médicale, Hôpital d’enfants Timone, Marseille, France. 4Alstrom Syndrome, 49 Southfield Ave, Paignton S, Devon TQ3 1LH, UK. 5Polycystic Kidney Disease Charity (UK), PKD International, Ciliopathy Alliance, London, UK. 6INSERM US14, ORPHANET 96 rue Didot, Paris 75014, France. 7Genetic Services of Western Australia, King Edward Memorial Hospital, Perth, Western Australia. 8School of Paediatrics and Child Health, University of Western Australia, Perth, Western Australia. 9Institute for Immunology and Infectious Diseases, Murdoch University, Perth, Western Australia. 10Office of Population Health Genomics, Public Health and Clinical Services Division, Department of Health, Government of Western Australia, Perth, Western Australia. 11School of Pathology & Laboratory Medicine, University of Western Australia, Perth, Western Australia. 12Curtin Health Innovation Research Institute, Curtin University of Technology, Perth, Western Australia.
