Workshops [1]

Inequality Workshop

This workshop explores the causes, consequences, and structure of inequality; how inequality results from and shapes social classes, occupations, professions, and other aspects of the economy. The format includes research presentations by students, faculty, and guest speakers. Prerequisite: doctoral student status.

CPI Workshop

Undergraduate research assistants and graduate National Poverty Fellows (NPF) attend the CPI Workshop, where CPI research is presented and prominent visitors discuss poverty and inequality research and topics.
