#StopKnifeCrime
SON, BROTHER, NEPHEW. KILLED BY HIS OWN KNIFE.

Choose life. Choose #LivesNotKnives

Katie Hudson, Children and Young Person's Officer
IF YOU CARRY A KNIFE YOU’RE MORE LIKELY TO GET STABBED YOURSELF.
Those carrying knives are statistically far more likely to be victims themselves of knife crime – often with their own knife they were carrying. Speak to your family members if you have concerns about them carrying a knife

Carrying a knife can result in your own death.

You are 3 times more likely to be stabbed if you go out carrying a knife.
Carrying a knife can have devastating consequences on your friends and family.

No parent or grandparent would ever want to see their child get injured or be killed.
