Figure S3

Comparison of cell counts in the cerebellum between wild-type (wt) and Npc1<sup>1<sup>mm</sup>164</sup> mice in different cell layers:

- **External granule layer**
- **Molecular layer**
- **Purkinje cell layer**
- **Granule cell layer**

**Bar Graphs:**
- Bergmann glia
- Purkinje cells
- Basket/stellate interneurons

Cell counts per 0.04 mm<sup>2</sup> are shown for each category, with error bars indicating standard error.
