### Supplementary Table S1: Imaging available

| Patient | widefield color pictures/ | widefield autofluorescence/ | OCT Y/N |
|---------|--------------------------|-----------------------------|---------|
|         | No widefield color pictures/ None | No widefield autofluorescence/ None |         |
| 1       | widefield color pictures | widefield autofluorescence | Y       |
| 2       | widefield color pictures | widefield autofluorescence | Y       |
| 3       | widefield color pictures | widefield autofluorescence | Y       |
| 4       | No widefield color pictures | No widefield autofluorescence | Y       |
| 5       | None | None | Y       |
| 6       | widefield color pictures | widefield autofluorescence | Y       |
| 7       | No widefield color pictures | None | Y       |
| 8       | None | None | Y       |
| 9       | No widefield color pictures | No widefield autofluorescence | Y       |
| 10      | widefield color pictures | widefield autofluorescence | Y       |
| 11      | widefield color pictures | widefield autofluorescence | Y       |
| 12      | widefield color pictures | widefield autofluorescence | Y       |
| 13      | widefield color pictures | widefield autofluorescence | Y       |
| 14      | No widefield color pictures | None | Y       |
| 15      | widefield color pictures | widefield autofluorescence | Y       |
| 16      | widefield color pictures | widefield autofluorescence | Y       |
| 17      | No widefield color pictures | None | Y       |
| 18      | widefield color pictures | widefield autofluorescence | Y       |
| 19      | None | None | Y       |
| 20      | No widefield color pictures | No widefield autofluorescence | Y       |
| 21      | widefield color pictures | widefield autofluorescence | Y       |
| 22      | widefield color pictures | widefield autofluorescence | Y       |
| 23      | No widefield color pictures | None | Y       |

### Supplementary Table S2: fERG findings

| Patient | Scotopic ERG | Photopic ERG |
|---------|--------------|--------------|
| 1       | N/A          | N/A          |
| 2       | Normal       | Normal       |
| 3       | N/A          | N/A          |
| 4       | Mildly decreased | Mildly decreased |
| 5       | Severely decreased | Severely decreased |
| 6       | Severely decreased | Severely decreased |
| 7       | N/A          | N/A          |
| 8       | Severely decreased | Moderately decreased |
| 9       | Mildly decreased | Normal |
| 10      | Severely decreased | Severely decreased |
| 11      | Mild OD Moderate OS | Mildly decreased |
| 12      | N/A          | N/A          |
| 13      | Moderately decreased | Moderately decreased |
| 14      | Moderately decreased | Mildly decreased |
| 15      | N/A          | N/A          |
| 16      | N/A          | N/A          |
| 17      | Undetectable rod | Undetectable cone |
| 18      | Severely decreased | Severely decreased |
| 19      | Severely decreased | Moderately decreased |
| 20      | Moderate OD severe OS | Moderate OD severe OS |
| 21      | Moderately decreased | Normal |
| 22      | Moderately decreased | Moderately decreased |
| 23      | Undetectable rod | Severely decreased |
