Editors-in-Chief

Prof. Michael James C. Crabbe
University of Oxford & University of Bedfordshire, UK
Prof. Zhihua Zhang
Shandong University, China

Editorial Board

Prof. Pinhas Alpert
Tel Aviv University, Israel
Prof. Franco Biondi
University of Nevada, USA
Prof. Shankar Gargh
Environmental Disasters Research Institute, India
Prof. Donald Huisingsh
University of Tennessee, USA
Prof. Amithirigala Widhanelage Jayawardena
The University of Hong Kong, China
Dr. Svetlana Jevrejeva
National Oceanography Centre, UK
Prof. Ola M. Johannessen
University of Bergen, Norway
Prof. A. D. Karathanasis
University of Kentucky, USA
Prof. Steven L. Forman
University of Illinois at Chicago, USA
Prof. Michael Laar
Lutheran University of Brazil, Brazil
Dr. Yuri Ya. Latypov
Russian Academy of Sciences, Russia
Prof. Monique Leclerc
University of Georgia, USA
Prof. Maria Dolores Ruiz Medina
University of Granada, Spain
Prof. Terrence Nathan
University of California at Davis, USA
Prof. Andreas Oberheitman
Rheinisch-Westfälisches Institut für Wirtschaftsforschung, Germany
Prof. Soon-Ung Park
Seoul National University, South Korea
Dr. Annette Rinke
Alfred Wegener Institute for Polar and Marine Research, Germany
Prof. Francisco J. Rodríguez-Tovar
University of Granada, Spain
Prof. Patrik Söderholm
Lulea University of Technology, Sweden
Prof. Can Wang
Tsinghua University, China
Prof. Qiang Zhang
Sun Yat-sen University, China
Table of Contents

Volume 10 Number 3 September 2021

An Assessment of Barriers to MSMEs’ Adoption of CSA in Livestock Red Meat Value Chain, Kajiado County, Kenya
M. W. Thongoh, H. M. Mutembei, J. Mbura, B. E. Kathambi.................................................................237

Modelling the Current and Future Spatial Distribution Area of Shea Tree (*Vitellaria paradoxa* C. F. Gaertn) in the Context of Climate Change in Benin
Y. J. F. Avaligbé, F. O. Chabi, C. P. Gnanglè, O. D. Bello, I. Yabi, L. Ahoton, A. Saïdou...........................................263

Long-Term Visibility Trends in the Riyadh Megacity, Central Arabian Peninsula and Their Possible Link to Solar Activity
A. H. Maghrabi..................................................................................................................................................282

Towards Increasing Data Availability for Meteorological Services: Inter-Comparison of Meteorological Data from a Synoptic Weather Station and Two Automatic Weather Stations in Kenya
R. Muita, P. Kucera, S. Aura, D. Muchemi, D. Gikungu, S. Mwangi, M. Steinson, P. Oloo, N. Maingi,
E. Muigai, M. Kamau.......................................................................................................................................300

The Impact of Current Climate Changes on Morphodynamic Regimes of Steppes and Forest Steppes in Southern Siberia
O. Bazhenova, E. Tyumentseva.........................................................................................................................317

Assessment of Spatial Distribution and Temporal Trends of Precipitation and Its Extremes over Nigeria
M. O. Audu, E. Ejembi, T. Igbawu......................................................................................................................331

Hydroclimatology of the Kaduna River Basin
T. E. Ologunorisa, O. S. Durowoju, A. Akinbobola...........................................................................................353

The figure on the front cover is from the article published in American Journal of Climate Change, 2021, Vol. 10, No. 3, pp. 263-281 by Yasminath Judith Follone Avaligbé, Faki Oyédékpo Chabi, Césaire Paul Gnanglè, Orou Daouda Bello, Ibouraima Yabi, Léonard Ahoton, Aliou Saïdou.

PRODUCTION INFORMATION

For manuscripts that have been accepted for publication, please contact:
E-mail: ajcc@scirp.org
American Journal of Climate Change (AJCC) is an international scientific journal dedicated to the publication of high-quality research articles, short communications and review papers on all aspects of climate change and related areas. The objectives of this journal are to chronicle the important publications in the rapidly growing field of climate change and to stimulate research in the area.

Subject Coverage

All manuscripts must be prepared in English, and are subject to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by printed hard copy. Topics to be covered by this journal include, but are not limited to the following fields:

- Advanced Statistical Tools and Methods in Climate Change
- Air Pollution and Climate Change
- Atmospheric and Marine Sciences
- Boundary-Layer Meteorology
- Climate and Earth System Modeling
- Climate Change Economics
- Climate Dynamics
- Climate Policy
- Earth Observation and Data Assimilation
- Environmental and Resource Science
- Global Change Ecology
- Hurricanes and Other Extreme Events
- Hydrology and Limnology
- Impacts of Climate Change on the Cryosphere
- Meteorology and Atmospheric Physics
- Natural and Anthropogenic Climate Forcing Attribution
- Numerical Methods in Climate Research
- Paleoclimate Analysis and Interpretation
- Remote Sensing & Geoinformatics
- Renewable Energy
- Sustainable Agriculture, Forestry, and Soil Science
- Sustainable Development
- Theoretical and Applied Climatology
- Volcanology

We are also interested in: 1) Short Reports—2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book Reviews—Comments and critiques.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.

Website and E-Mail

https://www.scirp.org/journal/ajcc  E-mail: ajcc@scirp.org
What is SCIRP?
Scientific Research Publishing (SCIRP) is one of the largest Open Access journal publishers. It is currently publishing more than 200 open access, online, peer-reviewed journals covering a wide range of academic disciplines. SCIRP serves the worldwide academic communities and contributes to the progress and application of science with its publication.

What is Open Access?
All original research papers published by SCIRP are made freely and permanently accessible online immediately upon publication. To be able to provide open access journals, SCIRP defrays operation costs from authors and subscription charges only for its printed version. Open access publishing allows an immediate, worldwide, barrier-free, open access to the full text of research papers, which is in the best interests of the scientific community.

- High visibility for maximum global exposure with open access publishing model
- Rigorous peer review of research papers
- Prompt faster publication with less cost
- Guaranteed targeted, multidisciplinary audience
